«THE SECOND LIFE OF NON-FERROUS METALS»

Information for potential investors

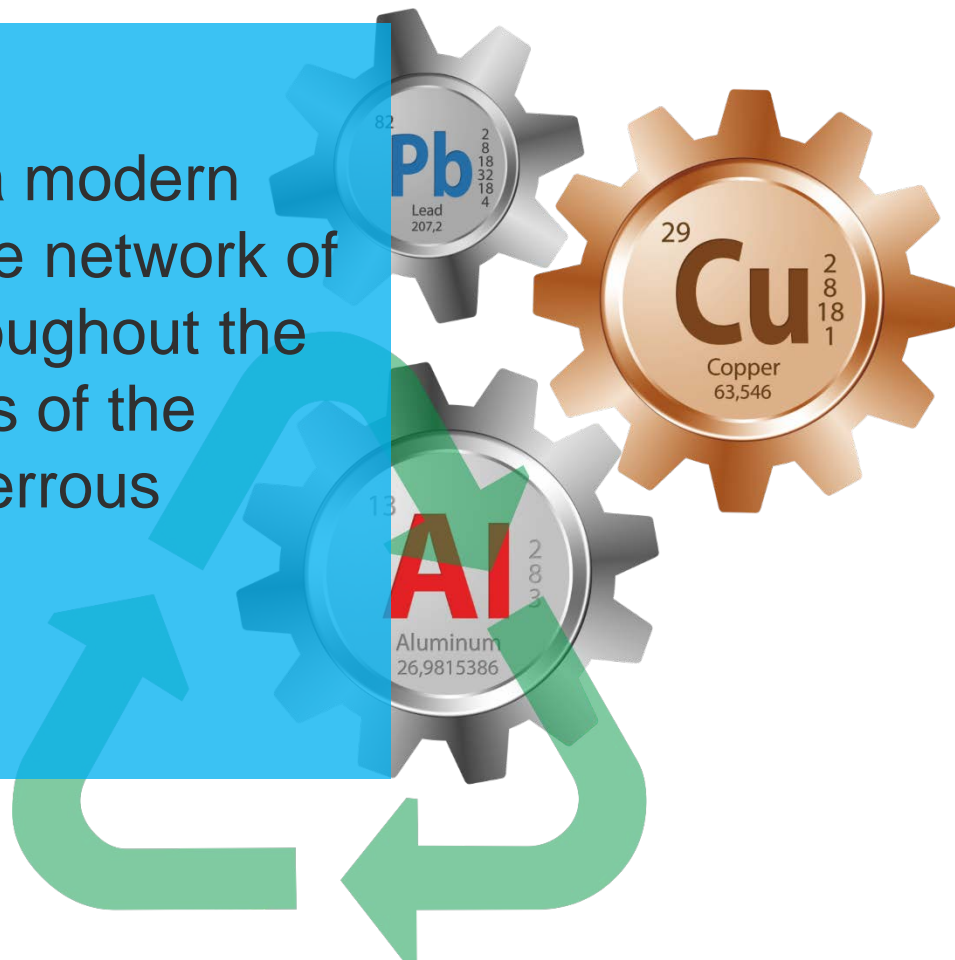

December 05, 2019.

UZVTORCVETMET

www.uzvtorcvetmet.uz

JSC "UZVTORCVETMET" is a modern enterprise that has an extensive network of procurement organizations throughout the country and provides all sectors of the economy with qualitative non-ferrous metals.

JSC UZVTORTCVETMET is an enterprise with progressive views on doing business

- The only enterprise for the processing of scrap and waste of non-ferrous metals, which has no analogues, in the territory of the Republic of Uzbekistan
- Specialization in the procurement and deep processing of scrap, waste non-ferrous metals, followed by the release of high-quality finished products
- Presence of modern production infrastructure
- Unique decades of accumulated experience and knowledge
- Growing Intellectual Resources
- Certification of activities according to international standards
- Wide range and high quality of products

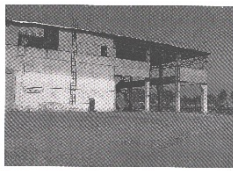

HISTORY

*MORE THAN 79
YEARS OF
EXPERIENCE*

The history of JSC “Uzvtortcvetmet” begins at 1939, when the Tashkent Inter-Republican Office for the Preparation, Processing and Marketing of Secondary Non-ferrous Metals was established.

More than 75-year history of the plant, experience gained during this period, valuable narrow-profile personnel, production infrastructure, and the republican strategic importance of the company ensure the progressive development of JSC Uzvtortcvetmet.

Until recently (the beginning of the 2010s), the main task of the enterprise was the procurement of scrap and waste of non-ferrous metals, their processing and supplying domestic consumers with secondary raw materials.

JSC "UZVTORTCVETMET" – modern enterprise with progressive views on doing business

Based on N UP-2559 the Decree of the President of the Republic of Uzbekistan, from 04.03.2000, in the Republic of Uzbekistan, for the procurement of non-ferrous scrap and waste the company is the only authorized body.

Territory

Well-maintained area	11,750 m2

Human resources

1 Production personnel	624 people.
2 administration	76 people.
3 non-manual workers	15 people.
4 operating personnel	6 people.
	721 people.

Auto Transport resources

1 Cars	43 units.
2 Trucks and buses	31 units.
3 Special	10 units.
4 Railway	3 units.

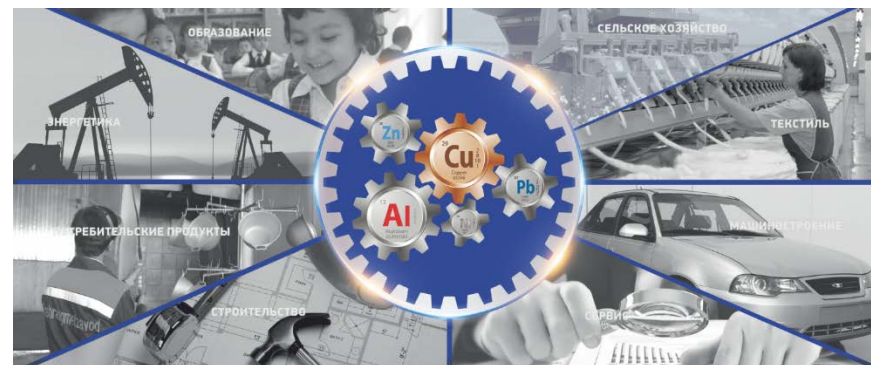

Main production facilities and personnel

1	Workshop for the primary processing of non-ferrous scrap and waste	108 people.
2	Workshop for the production of lead alloys and products	28 people.
3	Workshop for the production of copper-based alloys and products	33 people.
4	Aluminum Alloy Production Workshop	28 people.
5	Service chief mechanic	24 people.
6	Chief Power Engineer Service	21 people.
7	Laboratory	5 people.
8	Technical Control Department	5 people.
9	Auto Transport and Logistics Service	84 people.
10	Department of Chief Technologist	2 people.
11	Capital Construction Department	14 people.

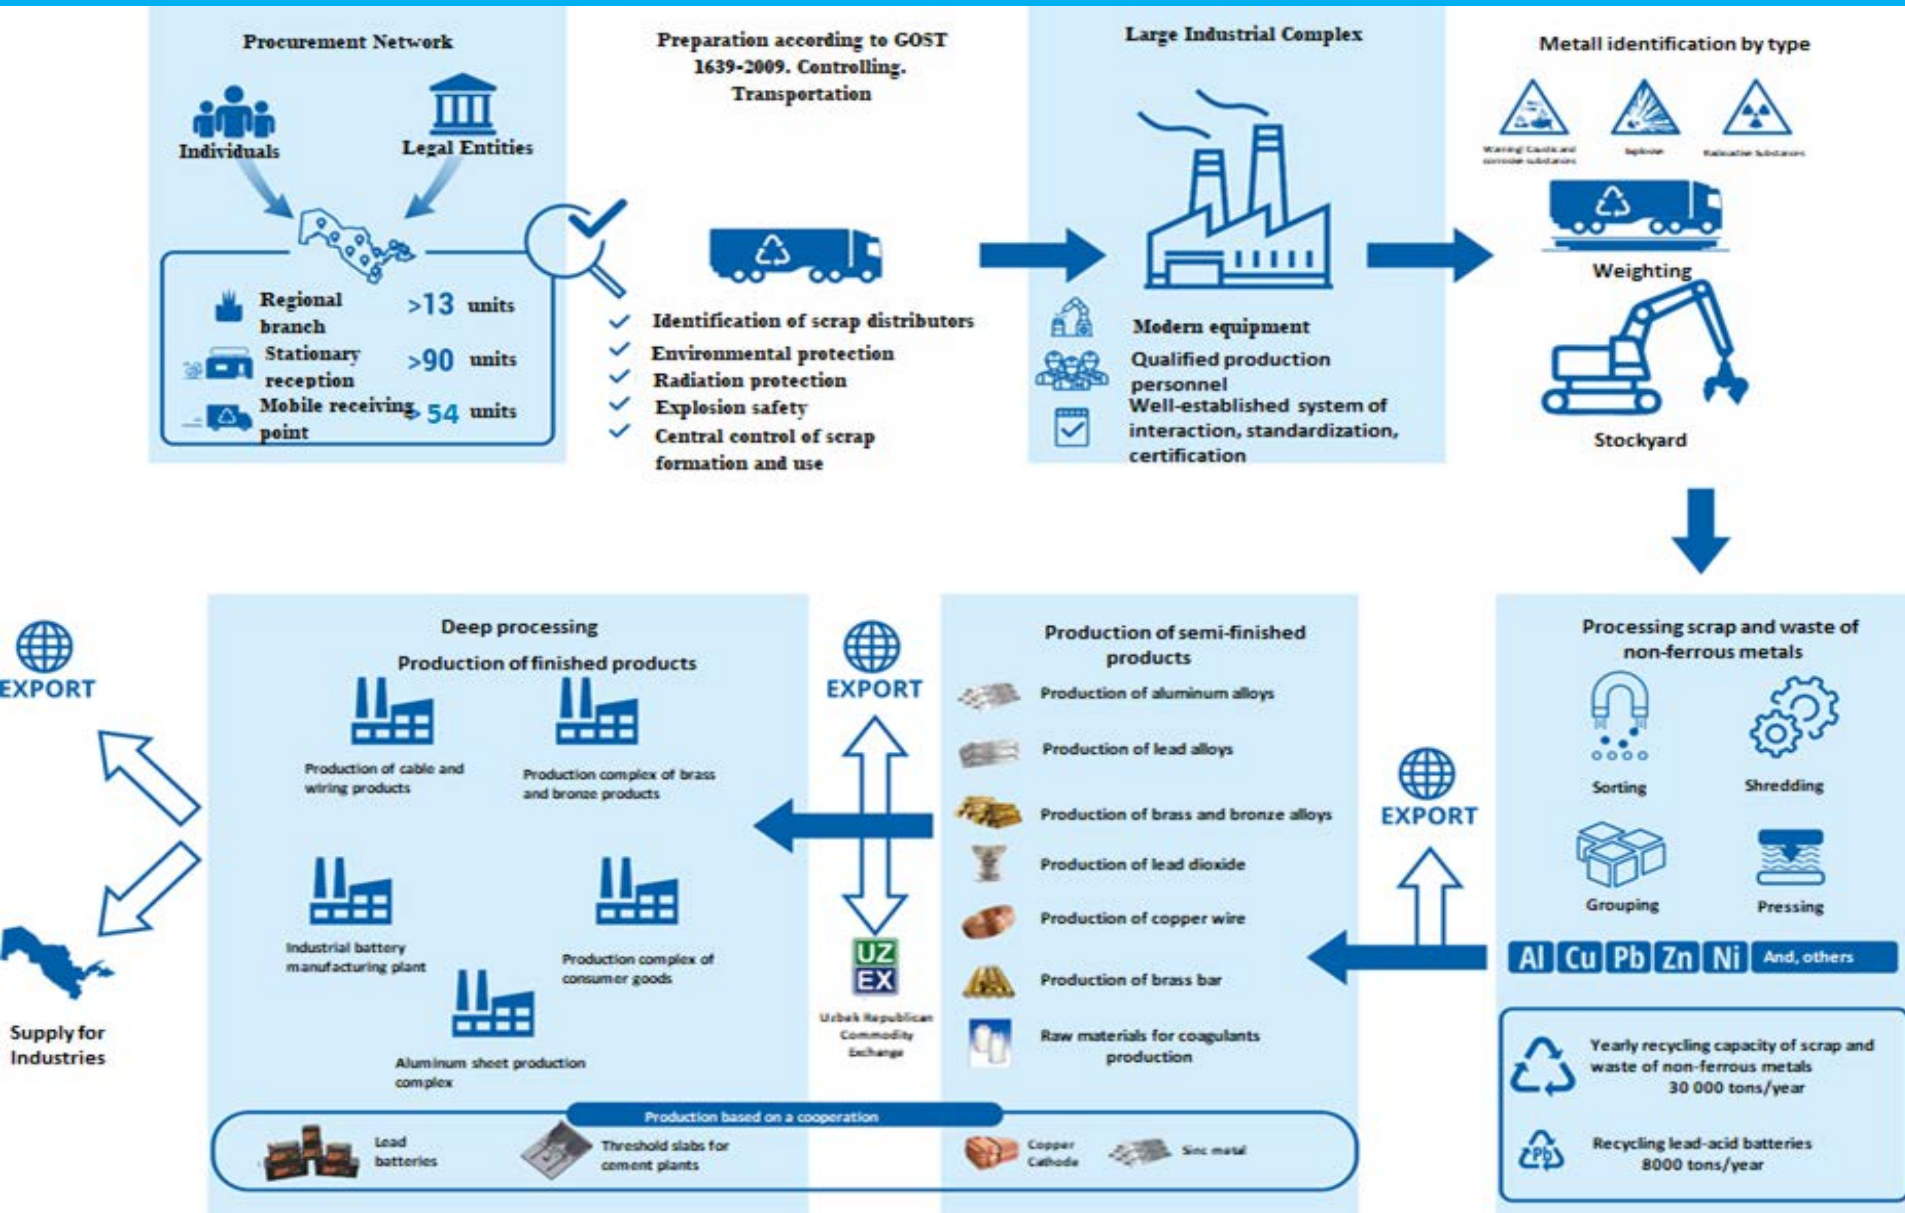

PRESENT BUSINESS MODEL

Since the **2010s**, the company has carried out significant work on the implementation of the **diversification of production**. Along with the supply of recycled non-ferrous metals to domestic consumers, the plant produces various types of **finished products** from recycled materials, both to the domestic and international markets.

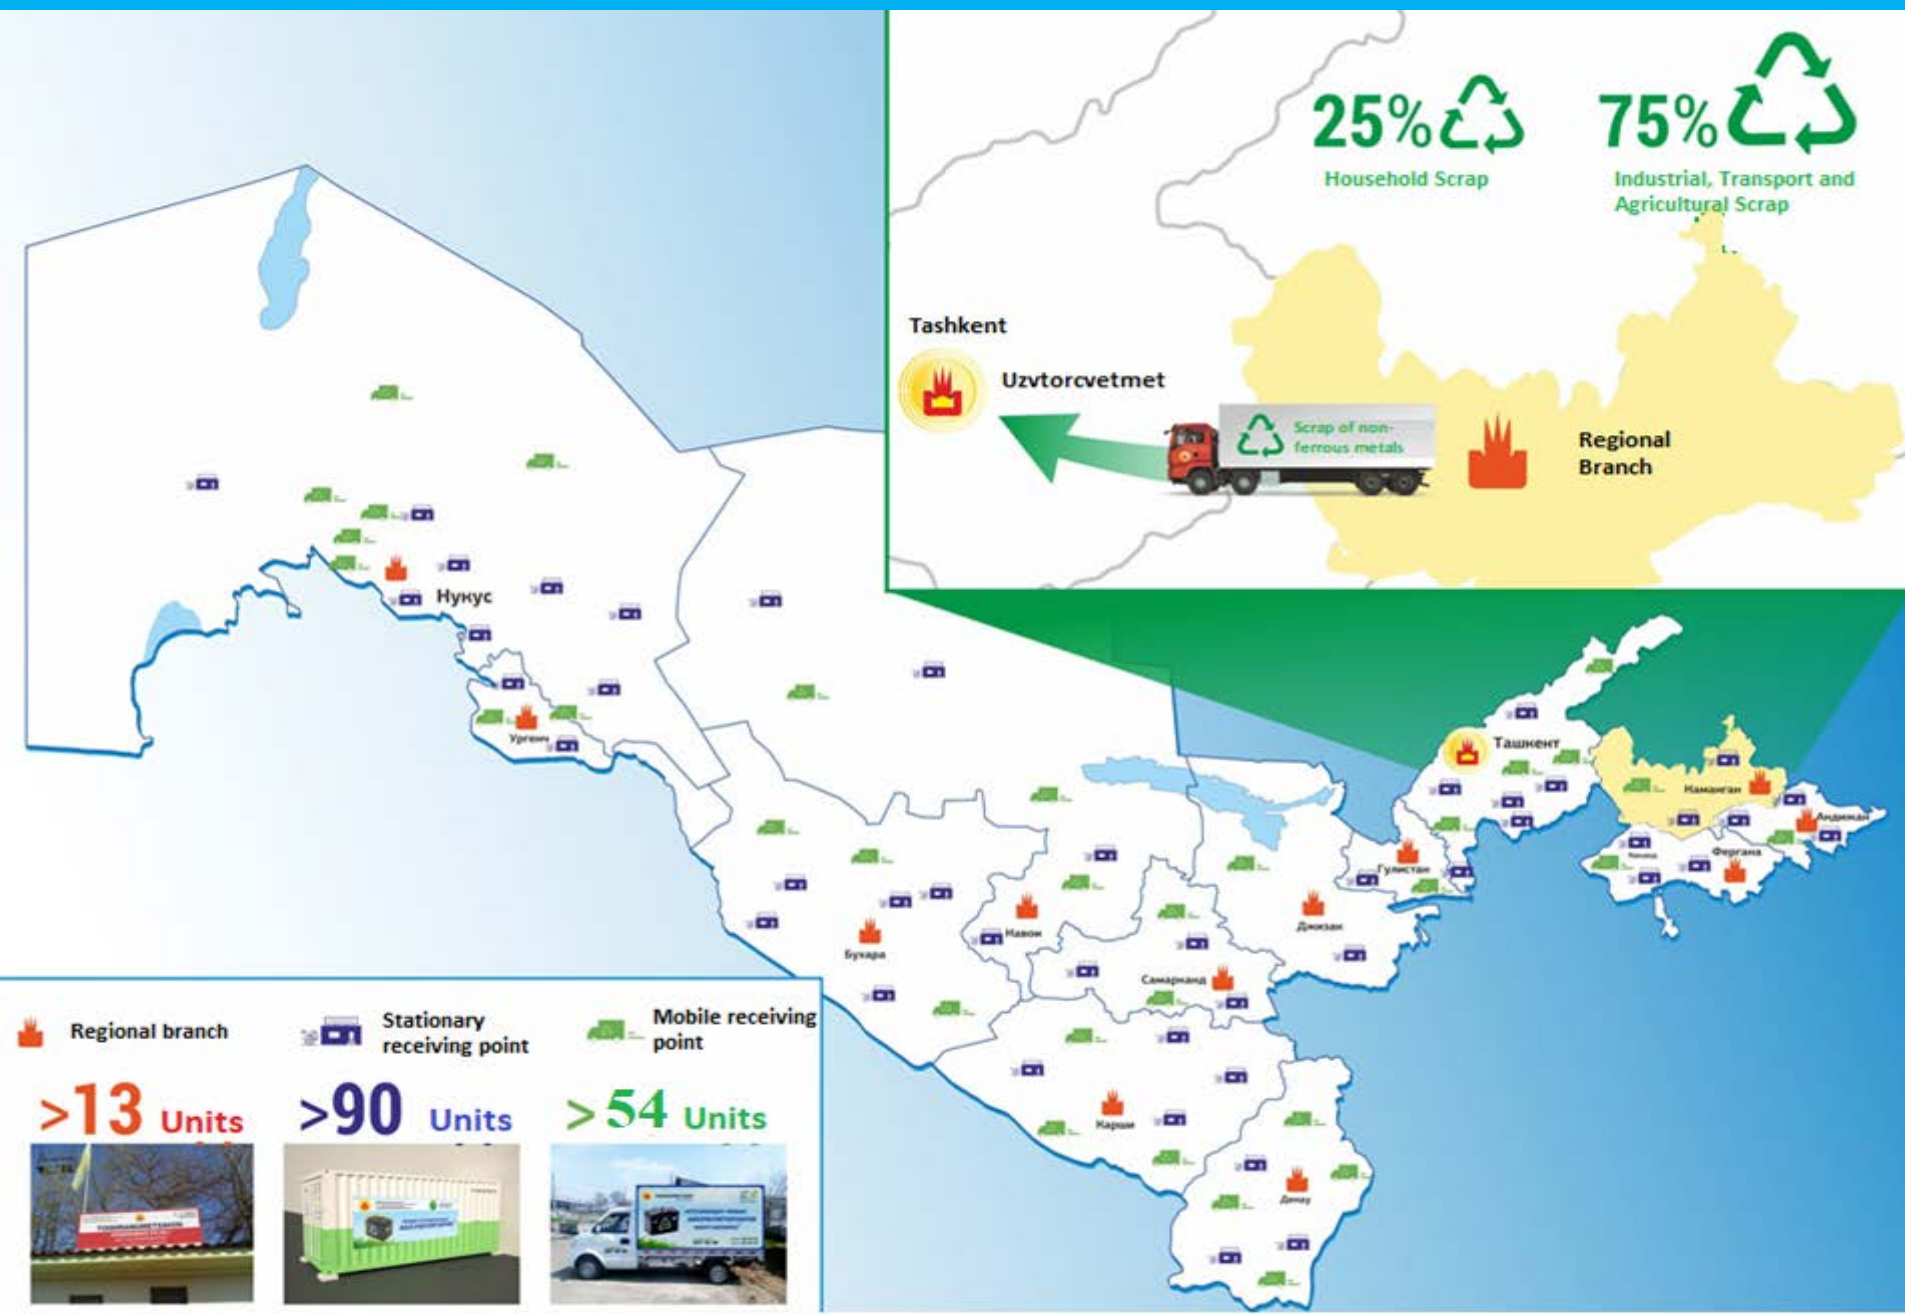

Today JSC Uzvtortsvetmet is a modern, progressively developing enterprise, specializing mostly in the **deep processing** of non-ferrous metal scrap according to the following **scheme**: stocking - scrap processing - receiving recyclables - manufacturing finished products from recycled materials - selling finished products and recyclables to domestic and **foreign markets** .

THE BUSINESS PERFORMANCE OF JSC UZVTORCVETMET

FORMATION OF SCRAP AND WASTE OF NON-FERROUS METALS

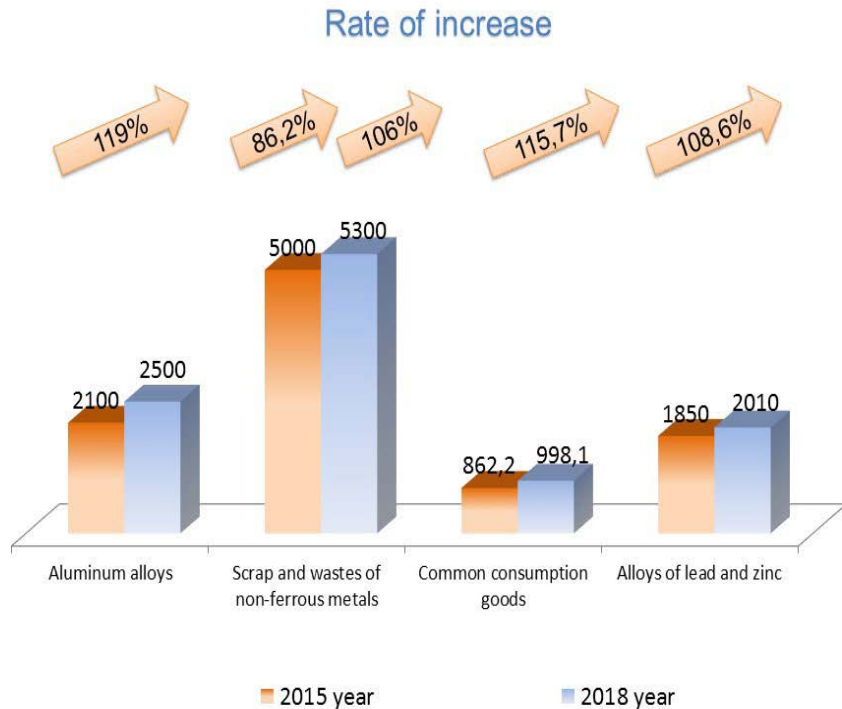

CONTRIBUTION OF JSC UZVTORTCVETMET TO THE ECONOMY OF THE REPUBLIC OF UZBEKISTAN

- The volume of production in 2018 amounted to 233.9 billion UZS.
